

Note: Additional Equipment may be mounted to the side(s) and/or top of the Analyzer. Please consult additional drawings supplied for the dimensions of this equipment if mounted.

It is recommended that a clear space of 300mm / 11.81in is allowed around the analyzer in all directions, top, bottom, left and right sides.
 Recommended 1500mm / 59.00in free in front of the BioTector so that its access doors can easily be opened.
